Be Safe

Homeless Guide for Boise

Last Update: May 8, 2025
Version 1.4

WHAT TO DO IF YOU'RE UNHOUSED OR CLOSE TO IT IN THE BOISE AREA

This pamphlet was created to help assist anyone with the risk of being unhoused or is currently unhoused in the Boise area. The pamphlet is not the answer to everything, but it tries to address the questions you will have. The information provided is based on input from multiple non-profit organizations and many low-income individuals who have faced this difficult path. There are two sections. The 1st section is the suggested steps to take to help you navigate the resources and find the support you will need. The 2nd section is a list of Frequently Asked Questions (FAQ's).

Created by Low Income Support Inc.

lowincomesupport.org

Email info@boiselist.org for any questions

FAQ #17 - What about transportation? Most resources are in the downtown area and are easily accessible by walking. Boise does have a decent bus system which costs \$1.50 for a daily pass and \$42 for a monthly pass. Corpus Commons typically provides 2 free daily bus passes a month. Most shelters contain a rack of bus schedules. If you need a bike, the Bosie Bike Project provides bikes at very reasonable prices. Catch sometimes has free bikes so call and ask. If you need transportation to a medical appointment, ask the medical organization since most have a shuttle or will provide uber/taxi support for their appointments.

FAQ #18 - What about transitional housing? Boise does provide some transitional housing. These consist of homeless youth (Idaho Youth Ranch), sober living houses, and women's transitional housing. I'd contact Catch/Our Path to see what's available or follow up with a Case Manager from one of the shelters.

Step 1 – Seek Shelter if you're unhoused.

Daytime Shelters. The only daytime shelter for adults is Corpus Commons. They are typically open daily from 8:30 to 4:30 seven days a week. They provide a place to sit down, restrooms, meals, showers, clothing, mail location, computer access, and limited case management support.

- 525 S Americana Blvd.

Other areas where you can find a place to sit:

- *Libraries. Restrooms and computers are available.*
- *Local Churches: Meals and restrooms are typically available.*

Nighttime Shelters. These are the night-time shelters in the Boise area.

- **ROL: Men Only. Check-in is 4:00.** Provides breakfast, lunch & dinner.
 - See boiserm.org for information on all the services provided.
 - 575 S. 13th Street. Office Phone (208) 389-9640
- **City Lights: Women Only. Check-in is 4:00.** Provides breakfast, lunch & dinner.
 - See boiserm.org for information on all the services provided.
 - 1404 W. Jefferson Street. Office Phone (208) 368-9901
- **IFS: Men & Women. Check-in is 4:00.** Provides breakfast.
 - See interfaithsanctuary.org for information on the services provided.
 - 575 S. 13th Street (Behind Corpus Commons). Office Phone (208) 343-2630
- **Women's and Children's Alliance (WCA) Women & Women with Children shelter fleeing domestic violence.**
 - See wcaboise.org for information on the services provided.
 - 720 W. Washington St. Office phone (208) 343-7025.
- **Hays House For Youth. Children's (8-18) shelter.**
 - See youthranch.org for information on the services provided.
 - 7221 Poplar Street. Office phone (208) 322-6687

Step 2 - Review online and printed resources available in the Boise Area.

Review online resources to stay knowledgeable on what's available. The following websites summarize many of the support organizations in the Boise area. Each organization typically has their own web site, but these sites summarize them and provide a quick reference.

- Findhelpidaho.org
- BoiseLIST.org

Additional useful printed resources are the *Homeless Coalition Pocket Guide* and the *Our Path Home Resource Guide*. These two resources are available at the Catch, Corpus or Interfaith offices.

Step 3 - Get a cell phone if you don't have one.

You will need a cell phone because most support organizations will need you to provide a number for them to call you back. You may qualify for a free cell phone SIM via the Federal Cell Phone program (sometimes called an "Obama phone"). If you make less than \$19,700 annually or are enrolled in Medicaid, SNAP, or SSI you may qualify for this program. If you don't qualify, you can purchase a cheap phone from Walmart for around \$40 and buy a monthly service for \$25/month. You will need an address to ship the cell phone SIM. The Boise daytime shelter, Corpus Commons, provides mail service for the unhoused. Some sites will still provide free cell phones, but most don't. If you were on a lifeline program and lost the cell, sim or have questions try calling (800) 234-9473 which is the free number for assistance.

If you already have a phone that is unlocked and want to use it for these programs, visit their site to verify the phone is compatible with the provider. Many of the lower cost phones will only work with the initial provider. These providers typically provide the SIM only - not the phone.

FAQ #15 - How can I find a job? If you're looking for a job, visit the typical online sites such as Craig's List, indeed, etc. If you're looking for a long-term job, update your résumé and have digital copies available when needed. A CM will help in finding you a job and provide the steps needed to obtain work. There are occasional temporary jobs that pop up at the shelters. Sometimes these are posted and sometimes the need shows up randomly. Let the shelter staff know you're looking for work and what you're looking for. Sometimes contractors are looking for day labor jobs at Home Depot or Lowes. You must be early (like 6AM) to get these jobs. You can also contact temp agencies (ask your CM for recommendations) that can assist you.

FAQ #16 - How can I find a Recovery Program? There are many recovery programs available. All the nighttime shelters have free in-house recovery programs. If seeking a dedicated recovery program at a different facility, start by looking at the ones listed on BoiseLIST.org and findhelpidaho.org. Many of these are low cost and are Medicaid approved. Terry Reilly and Full Circle Health can also provide guidance in finding a program to support you in your recovery.

FAQ #12 - I need a tablet or laptop computer. This is something your CM may be able to help you with. Let any non-profit staff know what you're looking for and why you need it. If the tablet/laptop is needed for a job or school, you will have an easier time getting one.

FAQ # 13 - How do I spend my time? You're probably going to have a lot of extra time. There is only so much you can do to find a job and perform your daily tasks. Corpus Commons provides an indoor and outdoor area where you can sit and socialize. They also have a computer room with free-to-use computers and a Wi-Fi hot spot. The libraries also provide free computers and Wi-Fi. Starbucks, McDonalds, and similar places allow you to nurse a coffee for hours if you're not disruptive. Try to develop a routine including exercise. Many of the non-profits are always seeking volunteers. Reach out to them for ways you can give back and help them and others. This will also go a long way in getting references to get back into the job market if you're looking for employment.

FAQ #14 - Where can I find food? Boise has a tremendous number of non-profits providing food and meals. The BoiseLIST.org website provides the info and hours of many of the organizations (and there are many more) which provide meals for low income. Food pantry information is also provided on this website. For immediate meals, go to Corpus or one of the night shelters and tell them you're hungry. You will get support.

Step 4 - Seek free Case Management (CM) or find an advocate to assist you.

Why is Case Management helpful? Getting input from a trusted source is critical for navigating this area. Many resources are free, allowing you to keep your funds available for the areas where they are needed most – like housing. Many people have been in this situation and if you utilize the CM's expertise, you don't waste additional time and money.

Where can I access Case Management? There are many organizations that provide free CM support. If one organization can't provide the support needed, go to the next one. **Don't give up!** Here are some of the organizations available in the Boise area:

- Catch, Our Path Home, Interfaith Sanctuary, Terry Reilly Medical, Jesse Tree, Corpus Commons, River of Life (ROL), City Lights, St. Vincent DePaul, Salvation Army, Full Circle Health, Access Behavior Health

Step 5 - Get a valid ID.

You will need to have a valid ID to get employed and gain access to some of the low income services. Corpus Commons may provide the funds (Money check to DMV) and outline the process to get you an Idaho ID. Obtaining other forms of ID, such as a Driver's License or Birth Certificate can also be supported by Corpus Commons and other main support organizations such as Catch & Interfaith Sanctuary.

Step 6 - Apply for a food stamp card using the SNAP program.

This can be done by going to the Department of Health & Welfare office or going online to apply. Monthly income must be less than \$1,620 for an individual to qualify and you must be a legal citizen or immigrant. The card is usually sent within a week. Typical support is around \$100 - \$298 and the SNAP card is replenished at the first of the month. You will need some type of ID to apply.

Step 7 - Review your close support – family & friends.

With a solid plan and proper research, you're more likely to receive support from family, friends, and organizations. Compartmentalize your requests for help. Don't overwhelm the same individual with all your requests.

Step 8 - Get an address for your mail.

Some support resources are provided via mail. You will need to have your mail delivered somewhere you have reliable access to. If a friend or family member will allow you to use their address, change all crucial organizations (banks, government agencies, medical clinics, etc.) to this address. Make sure the address will be accessible for an extended period. The shelters also provide free postal services. Corpus Commons allows anyone to use their address and provides a daily time slot for mail pickup. Many of the other nonprofits also provide mail services.

FAQ #9 - What if I have a pet? River of Life, City Lights do not allow pets unless the pet is a registered service animal. Interfaith Sanctuary may allow pets if they are easily managed during the night, but this needs to be discussed with the staff beforehand. Corpus Commons allows dogs on leashes in the patio area and only service animals inside the facility. Dog food is available at Corpus Commons for free. The Street Dog Coalition conducts a free pet outreach clinic every 3 months in the Catch or Corpus parking lots. The services provided are free exams, vaccinations, and food. The exact date is published on BoiseLIST.org under the Animal Support category.

FAQ #10 - What if I'm seeking asylum? The Agency for New Americans (ANA) and the International Rescue Committee (IRC) are the primary organizations supporting refugees. To find a legal support group, check BoiseLIST.org and findhelpidaho.org for the latest support organizations. As this can be a difficult process to navigate, it will be beneficial to work with a case manager familiar with these processes.

FAQ #11 - Who helps with utilities? Jesse Tree is the first place to go if you need help with utilities. El Ada is also a good resource. These organizations will connect you with any other organization which provides utility assistance. The National ACP (Affordable Connectivity Program) offers large discounts to low-income individuals and families on Internet service options.

FAQ #7 - What about medical, dental, vision, hearing and mental health needs? If you are not covered by private insurance and meet the financial thresholds, you may be eligible for Medicaid. You can do this by going to the Department of Health & Welfare or seeing a Case Manager at Terry Reilly, Full Circle Health or St. Lukes medical clinics. Also look at the online resources for organizations providing vision, dental and hearing aid support. Terry Reilly Medical Clinic is very popular for the downtown shelters.

- 300 S 23rd Street. Phone (208) 344-3512

FAQ #8 - What about mental health needs? If you are not covered by private insurance and meet the financial thresholds, you may be eligible for Medicaid which will cover some basic mental health needs. You can do this by going to the Department of Health & Welfare or seeing a Case Manager at Terry Reilly, Full Circle Health, or Access Behavior clinics. Also, look at the online resources for organizations providing mental health support.

Step 9 - Keep records.

Keep a secure log of contacts (name, email, phone number) and the information you receive. Make sure to ask for phone numbers to allow for follow-up questions and further support. You can log this information into your phone for quick reference or keep a small notebook with working pen/pencil.

Step 10 - Get on the housing list.

If you are looking for housing, contact Our Path Home for an intake interview to get on their housing list. Boise uses Our Path Home as the single re-entry point for housing and this organization coordinates the low-cost housing available in the Boise area. The waiting list is months (sometimes years) long, but it's important to get on this list. Your personal situation (health, age, family members, income, etc.) may affect where you are placed on this list.

Our Path Home: Entry point for anyone seeking housing. Open from 9:00 to 3:00 M-F. You can call first to setup an appointment with a CM.

- 503 S. Americana Blvd. Phone (208) 495-4240

Step 11 - Contact Jesse Tree for rental & house payment assistance.

Jesse Tree will provide the name of any organization that will work with you to try and keep your housing. They will also provide any organization that provides utility support. They also provide eviction support. Don't leave without having the next steps planned for you.

- 1121 Miller St. Phone (208) 383-9486

This page left blank intentionally.

FAQ #5 - What do I do if I've been incarcerated? The St. Vincent DePaul Reentry Services is the first place to visit to understand your support options. They will give you a starting point and next steps to get housing. Visit the other organizations listed under Prison & Probation Re-Entry categories on the BoiseLIST.org and NeedhelpIdaho.org websites to gain additional resources specific to your needs.

FAQ #6 - Where can I shower and do laundry? The day and nighttime shelters provide showers and free laundry services. Corpus Commons has showers available from 8:30am to 3:00pm for adults every day except Sunday. You can also stop by Corpus Commons to get on the shower list. Corpus Commons also has a laundry list, but it may be full for the day, and you may need to book it for a future day. No matter how long the list they will get you in. The Boise YMCA also has a free low-income membership plan during the winter. Call one of the local non-profits to get details or stop by the YMCA. If you have a friend who has housing, consider asking them to use their shower or laundry, but be considerate. If you can afford to get a low-cost gym membership you can use their shower facilities. There are some low cost laundry businesses on Americana Blvd (16th Street Laundry) which charge \$1.25 for washing and .25 for drying.

FAQ #3 - Where can I store my vehicle? There is no free place to leave your vehicle for an extended period in the Boise area unless it's stored at a private residence with the owner's permission. If your vehicle is parked on city streets, it must be moved off the current block every three days once it has been marked. If you can find a homeowner willing to have your vehicle parked on their property, make sure you know all the rules the homeowner is enforcing. You may prefer to live out of your car rather than stay at a local shelter. Ask around at the shelters (ask staff first) for the best places to park your car at night. If you can find a few places where you can park, this will give you a back-up option if you get hassled about the current spot you're currently using. Defer any unnecessary maintenance, but make sure the car is drivable for jobs, interviews and to prevent towing. Find someone you can trust to help maintain the vehicle –start by asking staff at the local shelters.

FAQ #4 - What do I do with my money? If possible, put your money in a local bank so you can access it via an ATM. Avoid carrying large amounts of cash on you and **NEVER** give your bank password out to anyone. Make your password a catchphrase that only you know. The phrase should be at least 16 characters long with a number, capitalized letter, and a unique character. An example of a good password is Mysonisthebest2002! If you have credit cards, try not to use them if possible. They should only be used as a last resort and only for emergencies.

Frequently Asked Questions (FAQs) for An Unhoused Person:

FAQ #1 - What online resources are available? The following websites summarize many of the support organizations in the Boise area. Each organization typically has their own web site, but these sites summarize them and provide a quick reference.

- Findhelpidaho.org – focus on all of Idaho
- BoiseLIST.org – focus on the downtown Boise area

FAQ #2 - What do I do with my belongings? There are no free storage services in the Boise area. The day shelters have no official storage space and if you leave items for the day, someone needs to watch them. If you must leave an item at a shelter, make sure the staff is aware and get their approval. The nighttime shelters do provide a small storage space for most guests if you spend the night at the shelter. Get a backpack to store your belongings and only keep the essentials. Have a separate bag set aside for laundry. If you have ID paperwork, make sure these are stored securely so they can't be damaged (zip lock bag). Never give your original copies to anyone – make copies at the library or the shelter if you need to hand these documents out. Make sure your wallet is secure if you keep your ID in it. If the wallet/purse can be attached to you via chain that's good. It's typically not a good idea to move your belongings into a storage container since the rental fees will eat into your available cash. Many times, you will need the funds for more important items, and you may lose your possessions in storage. When you do get back on your feet, you can replace with new items. If you do decide to use a storage rental, make sure it's close to where you are spending your nights. The YMCA also provides a small locker for \$20/month.
